KUALA LUMPUR: PKT Logistics group of companies will invest RM2.5 million over the three years in an integrated total eLogistics solution to be supplied by ECnet (M) Sdn Bhd, a member of Bombay stock exchange-listed R Systems International Ltd.

In a statement issued in conjunction with a signing ceremony between the companies here yesterday, PKT said the solutions included a supply chain suite and Infor WMS, a warehouse management system.

In 2007, PKT group began diversifying from predominantly automotive logistics to include fast-moving consumer goods. In tandem with that, it has built a RM50 million warehouse facility in Shah Alam.

PKT said it was now extending its investments in IT to boost its competitiveness and to improve efficiency and effectiveness in deliverables to customers.
